

The Power of **CATAPULT**™ **HHT**™

Now on iPhone®, iPod touch®, and iPad®

ECRS offers powerful mobile inventory management with its intuitive, user friendly Catapult HHT app available via download from the App StoreSM. Catapult HHT provides on-the-go inventory management for retailers in markets with complex, high-volume ordering needs, such as natural foods, cooperatives, grocery, beverage, pharmacy, vending, and convenience. The Catapult HHT app is designed for use with iPhone®, iPad®, and iPod touch® and requires a Linea Pro™ or Infinea Tab™ bar code scanner and Catapult 5.2.3 or later.
